Subject: 4/3 House Science Letter on IRIS
Attachments: 4.3.19 Wheeler letter EPA IRIS.pdf

FYI—

We received this letter last night from the House Science Committee regarding the IRIS Program Outlook that was issued on 4/2. The letter also specifically focuses on formaldehyde and requests a briefing from ORD, OCSPP, and any other EPA staff we deem relevant. I will follow up with a time to meet and discuss how to approach the many claims they are laying out in the letter, but if there are others not listed on this email that need to be included in helping to respond to this letter please let me know.

Let Joe or I know if you have any other questions or concerns.

Thanks,

Travis
